

DISPOSABLE MOB CAPS

Mob caps are used in various industries and settings for hygiene, safety, and contamination control purposes. They are made from lightweight, non-woven materials and are designed to cover the hair and scalp, preventing hair and particles from falling onto surfaces, products, or food.

CLASSIC MOB CAPS

INCREASED THICKNESS

12gsm (greater than an industry standard 10gsm)

DOUBLE ELASTIC

Enhanced elasticity, grip to head and strength
